## Declaration of Compliance

**Regulations:** **EC 1935/2004**  
**German Food, articles of daily use and feed code of September 1, 2005 (LFGB), section 30 and 31 and BfR recommendation**

**Testing performed by DEELAY, Report no. DLF251226008R & DLF251226009R**

1) We hereby declare that RESION PTFE Film is suitable for food preparation in accordance with the applicable legislation, with particular reference to:

- Regulation 1935/2004/EC
- German BfR Recommendation XV

2) The material is manufactured with the following components:  
PTFE & Glass Fabric

3) It is declared that the material does not contain substances subject to regulations (CE) N. 1333/2008 and (CE) N. 1334/2008 ("additives dual use"). Based on supplier declarations and analytical data, no non-intentionally added substances (NIAS) were detected above applicable safety thresholds.

4) The user of the material remains responsible for verifying the suitability of the finished article for its intended application.

5) This declaration applies to the PTFE material as supplied by Polyestershoppen BV. Compliance of the final molded article depends on correct processing, curing conditions and intended use as determined and executed by the manufacturer of the finished product.

6) The material is intended for repeated contact with all food types.

The PTFE film is technically suitable for cooking and baking applications up to 200°C under normal and foreseeable conditions of use.

Typical application conditions:

- Baking temperatures between 150–200°C

- 
- Contact times up to 2 hours

Compliance has been assessed using relevant extraction and migration test conditions according to BfR Recommendation XV and DIN 10955.

7) This declaration is issued on the date of signature below and confirms the compliance status of the PTFE material supplied since August 2024, manufactured according to the current formulation and quality control system.

This declaration remains valid as long as no substantial changes are made to:

- the formulation or raw materials
- the production process
- the applicable European or national food contact legislation

In case of such changes, this declaration will be reviewed and, if necessary, updated accordingly.

8) Polyestershoppen BV also declares that the product is manufactured in accordance with Regulation (EC) No. 2023/2006 on Good Manufacturing Practice (GMP) for materials and articles intended to come into contact with food.

9) Full traceability of raw materials and production batches is ensured in accordance with Article 17 of Regulation (EC) 1935/2004.

## Summary of testing results

### Test DLF251226008R

Test #	Test	Result
1.	Sensorial examination - odor and taste test	PASS
2.	Overall migration test	PASS
3.	Specific migration of heavy metals	PASS
4.	Polycyclic Aromatic Hydrocarbons (PAHs)	PASS
5.	Visible color migration	PASS
6.	Specific migration of Primari Aromatic Amines (PAA)	PASS
7.	Total BPA content	PASS

### Test DLF251226009R

Test #	Test	Result
1.	Sensorial examination - odor and taste test	PASS
2.	Visible color migration	PASS
3.	Overall migration test	PASS
4.	Polycyclic Aromatic Hydrocarbons (PAHs)	PASS
5.	Volatile Organic Matter	PASS
6.	Total amount Lead (Pb), Cadmium (Cd), Zinc (Zn), Platinum (Pt)	PASS
7.	Total BPA content	PASS
8.	Specific migration of heavy metals	PASS
9.	Total Chromium (Cr), Vanadium (V), Zirconium (Zr), Hafnium (Hf)	PASS
